Vote Count – 17 (Those underlined above are voting members for this meeting.)

S – 2  
TRV – 3  
W – 2  
NW – 2  
NV – 2  
C – 2  
SV – 2  
NE – 2

#### District Meets During Extreme Risk –

- At beginning of the season gave autonomy to the districts to plan and organize their meets.
  - “Extreme” was a different definition back then.
  - Schools are now in session.
- Cases are now back up again.
- Some counties are now going up to extreme by the end of the week.
- District meets are upcoming as the risk levels are going up.
- Should the board allow districts to make the decisions to have meets during an extreme risk? Or should the board make those decisions?
- Discussion –
  - If counties go back up to extreme – no meets.
  - If schools are allowing athletes to complete during an extreme risk, OHSET should also allow the meets to continue. If schools say no – then no meets.
  - Can make it happen IF county authorities say OK and/or allows the venue to make the decision.
  - It is still possible to have a meet with extreme risk.
  - Organization needs to be a united front – if extreme should not compete.

- Schools are now allowing indoor full contact sports.
- How does OHSET fit in with these other sports and activities?
- Current OHSET guidelines/protocols can be effective in extreme risk.
- Need to be absolutely sure and certain that everyone is following the rules – and it can be done.
- Kim moved to let districts have meets and make that decision during an extreme risk category. Christina seconded the motion.
  - Additional discussion –
    - Need to follow the rules.
    - Pay attention to everything.
  - Vote: 11 Yes, 6 No, 0 Abstain. Motion passed.
- Need to make sure all schools, County Health Departments, and facility venues are OK with having meets. Need to make sure to document all correspondences in writing.

Meeting adjourned at 6:35 PM.
